Aim

"To improve the quality and delivery of services for housing management and the wider community development by improving the opportunity for participation of tenants, residents and leaseholders in the operation and development of Barcud."

We will:

- Improve the Housing Management service through communication and consultation with tenants.
- Develop culture of involvement so all service delivery is open to tenant input.
- Ensure tenants are able to fully participate at their chosen level through providing training and resources.

- Ensure tenants are fully involved in the planning, implementation and monitoring of the planned maintenance programme and day to day repairs.
- Work with the wider community and partnership agencies in order to improve the quality of life for our tenants and the communities they live in.

A copy of our Tenant Involvement Strategy is available upon request on 0300 111 3030 or e-mail post@barcud.cymru

These standards will be reviewed regularly, at least every three years.
